

PRIZE GIVING

Celebrating Excellence, Community & Dedication

The atmosphere at Ramotswa Unified School was filled with excitement, pride, and joy as learners, parents, teachers, and the entire school community came together for our annual Prize Giving Ceremony.

It was a day that reminded us why education is more than academics — it is about growth, commitment, and the shared belief in every learner's potential.

The Faces of Dedication

As the hall filled with smiles, applause, and proud families, one thing stood out above everything else — our learners' dedication. Their hard work throughout the year shone brightly, and their achievements spoke loudly of the effort, discipline, and passion they've invested in their studies.

From academic excellence and leadership to sports, cultural activities, and positive behaviour, each award represented a milestone in every learner's journey.

A Day of Joy and Reflection

Prize Giving was more than a ceremony — it was a celebration of resilience, teamwork, and the spirit of our school. We honoured not just the awards, but the growth and determination shown by every learner.

Looking Ahead

As we end the academic year, we carry this inspiration forward. Thank you to everyone who celebrated with us.

Celebrating community. Celebrating success. Celebrating our learners
